

RICK RENNER MINISTRIES
2015 Annual Report

He makes the whole body fit together perfectly. As each part does its own special work, it helps the other parts grow, so that the whole body is healthy and growing and full of love.

— Ephesians 4:16 *NLT*

Strong. Stable. Steady.

After an intensive time of prayer at the beginning of the year, the Lord gave me this verse of Scripture and these three words for our church and ministry: *Strong, stable, steady*.

We're *strong* when we are "fitting together" as the apostle Paul wrote — *unified*, each doing his or her own unique, special work — and helping others grow. When every part is working together, we become *stable* to take on each new task the Lord reveals as a part of His greater plan. In that stalwart position of stability and strength, we can then move forward with the *steady* grace that is befitting such a heavenly assignment.

Developing the qualities of strength, stability, and steadfastness in our lives individually and collectively shows that we're honoring the cause of Christ and maintaining an unbending position where fulfilling His plan is concerned. It is with this determined mindset that we can effectively move forward to advance His Kingdom and make His presence known to a lost world.

Making the Lord's presence known — to as many thousands of souls as possible before He returns — has been and will continue to be the mission of RENNER Ministries.

God bless you as you read our report.

Rick and Denise Renner

Our New Facility in Moscow!

For almost 15 years, the congregation of the Moscow Good News Church met in rented halls and auditoriums, often sharing space with other renters — *including a circus once!* But last year, MGNC celebrated the grand-opening of its newly reconstructed facility that the church owns debt-free!

The journey toward ownership of a church building has taken many twists and turns, including some disappointing delays, over the years. But that journey ended successfully in October 2014 when faith turned to sight, and the church held its first service in the new facility. Then on December 7, 2014, clerical and political leaders from Moscow and many regions of the former USSR attended MGNC's gala grand-opening celebration. Protestant leaders publicly offered heartfelt congratulations and blessings. Public officials also addressed the congregation, commending Rick and Denise and the church for their past accomplishments in the city and pledging support of their future endeavors.

The Lord understood every turn-of-event on this arduous quest to establish a permanent home for this church congregation and ministry headquarters. But the God who sees turned every one of those "turns" into a blessing that steadily moved Rick and Denise and their team forward to the fulfillment of their dream. Now,

after so many years of waiting, the congregation of MGNC has its very own facility in Russia's capital city.

Rent is expensive everywhere in the metropolitan city of Moscow — one of the most expensive cities in the world. Not only will ownership save the church thousands of dollars each year in rent, but this beautiful building stands as a lasting testimony of the goodness, grace, and glory of God among a population that desperately needs to know Him and His great faithfulness and love.

The Moscow Good News Church

The first service of the Moscow Good News Church was held on September 7, 2000, with 220 people in attendance, most of whom had heard of the Renners through Rick's nationally broadcasted TV program *Good News With Rick Renner*. After successfully pioneering the Riga Good News Church in Latvia nine years prior — and leaving that work by God's direction with a building that had been paid for in full — Rick and Denise were experiencing another “small beginnings” in Moscow.

But this act of willing obedience paid huge dividends as people began to be reached with the Gospel, led to a saving knowledge of Christ, and disciplined in the Word of God under the Renners' seasoned leadership. The Moscow church experienced swift, substantial growth in a city of millions of people, most of whom were either atheists or non-religious or who claimed membership in the national Orthodox Church.

Today MGNC growth remains strong with approximately 3,300 active participants and an average weekly attendance of 2,300 people. Seven church services are held each week from Saturday through Monday, including two Golden Age services for the elderly, a Vietnamese service, and an International Connection service for other international members of the MGNC community, where services are interpreted in English and French.

Every Sunday, the altar is filled with people who respond to invitations to give their hearts to Christ, to rededicate their lives to the Lord, and to receive the baptism in the Holy Spirit. In 2015, the recorded number of those who made decisions for Christ was more than 1,000 in MGNC services alone. That figure doesn't include the number of decisions from children's church, Golden Age, and the church's many outreaches

to the homeless, institutionalized, homebound, and incarcerated in Moscow and surrounding areas. Believers in Jesus Christ continue to multiply and be strengthened in this region of the world as a result of the Renners' emphasis to teach all nations in obedience to Jesus' command (*see* Matthew 28:19).

Due to Moscow's rapid growth and sheer size (approximately 18 million combined in both urban and suburban areas), the transportation infrastructure cannot accommodate the amount of travel necessary for many to attend MGNC each Sunday. For that reason, the Renners are developing a divinely inspired plan to start eight Good News satellite churches throughout the city.

After the building reconstruction was completed last year, Rick and Denise and their team resumed planning for the establishing of these affiliate churches. A meeting place for one of the eight churches was recently secured in southern Moscow, and in November 2015, this new congregation became the first to function as an active affiliate church body with MGNC.

Plans are underway to seek out seven additional meeting places over the next five years.

Internet Church

Each week the Moscow Good News Church provides live streaming of their services, including real-time commentary and ministry to their viewing audience. Approximately 2,400 unique viewers tune in to these services via the Internet every Sunday, and MGNC has received as many as 4,000 prayer requests posted to their online prayer wall. Internet attendees are provided with a telephone number to contact the church office for follow-up if they desire, as well as for more information about the church.

The testimonies of changed lives that have poured into the Moscow office have been tremendous! The following is a special testimony of a rescue operation of the Holy Spirit through this newest ministry outreach.

My husband abandoned me and our two children when our children were very young. I had no family, very few friends, and nowhere to turn for financial help in our destitute condition. Desperate to feed my family, I made a bad decision to enter a lifestyle of prostitution, thinking it was the only way we could survive. My path grew even darker, and I felt hatred for myself in every way. I truly thought God had abandoned me, too, but one day, I tuned in to the Internet Church through the Moscow Good News Church.

New hope came to me as I gave my life to Christ. He washed me clean and gave me a new way to earn money for my family — a job my children could see me working and could respect me for.

I wanted to know everything about the Moscow Good News Church because hearing Rev. Rick Renner speaking to me the truth about God, I knew I had found my pastor!

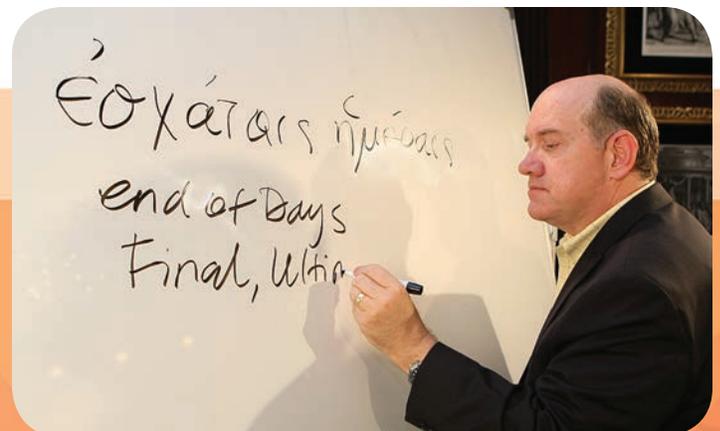

Home Group

In a colorful living-room setting, Rick and Denise and various guests minister in “home group” to approximately 2,000 online participants each week. Three webcasts are aired via the Internet to three audiences each Monday — to Russia, to Europe and Africa, and to the United States. Home Group provides sound, trusted teaching from God’s Word on various topics relevant to the times. The Home Group chat room is invaluable in networking believers from various walks of life who are experiencing transformation together and strengthening one another in the Lord.

Rick and his team are constantly researching ways to grow this Internet audience and encourage deeper participation by expanding and improving the current networking platform. Meanwhile, the feedback is very positive. Home Group members who tune in regularly report how deeply meaningful and significant this outreach has become to their lives.

In the past 12 months of Home Group, Rick and Denise have broadcast 104 sessions (including the Russia, Europe and Africa, and U.S. webcasts) with a total of approximately 55,000 different members tuning in and participating at various times in these online meetings.

Other Internet Media

As Rick and Denise share their hearts via social media and the Internet — drawing from their many years of experience personally and in the ministry — they speak transparently about their mistakes, successes, and the power of lives lived in pursuit of God. Many begin their day reading posts from Rick and Denise, finding the strength and timely direction they need to face the challenges of life.

More and more people look to Rick and Denise for biblical wisdom and pastoral care via social networks. Many consider them their pastors and spiritual leaders, but most of all, they regard them as trusted leaders with whom they can openly share, even from their pain and brokenness.

Comments made on the various social networks receive personal attention, and each prayer request is taken immediately before the Lord. God is literally rescuing people's lives through RENNER Ministries' contact with them on the Internet and social media!

YouTube

YouTube has become a tremendously effective platform with which to broadcast RENNER Ministries programs and reach people where the ministry's teachings are not shown via the airwaves. Posting videos to YouTube removes the boundaries so that viewers can access the trusted teachings of Rick Renner *anytime, anywhere*. To date, the ministry has more than 6,300 total subscribers to RickRRenner, Renner Ministries, and AmenCafeTV YouTube channels. There, viewers can watch Rick Renner, Denise Renner — plus Home Group sessions, short video teachings, and interviews with other ministers of the Gospel.

The ministry's Russian channels include TVMediaMir and RickRennerVideo. Combined subscribers to U.S. and Russian channels number more than 10,000.

AmenCafé

After praying extensively about starting a Christian web portal, Rick and his team launched AmenCafé in 2012. AmenCafé is an informational website designed to assist believers in the Russian-speaking world with wholesome, Bible-based information on practical topics, as well as with sound Bible teaching. This outreach has become so popular that even non-believers are attracted to the site. AmenCafé offers many articles, reference materials, videos, and other posts — each designed to glorify Christ and help people in their everyday lives.

This past year alone, more than 30,000 unique viewers were helped by this website. When they visit the site for information, they see ads inviting them to contact

the ministry or to watch a short video on a particular subject. They are also directed to RENNER Ministries TV programs, where they can become even more familiar with what the Bible says about their topic of interest.

Facebook, Twitter, and Instagram

One of the most active social-media venues is the Facebook Author Page of Rick Renner, where he regularly communicates with his friends and followers through video clips and written posts. His page currently has more than 130,000 followers. Denise Renner also has a Facebook page, and she communicates with more than 3,500 followers.

Twitter is another growing platform for communicating the Good News. The combined followers on this network currently number 16,776 for both Rick and Denise.

Denise Renner is new to Instagram! Denise has only begun communicating via this medium since August 2015. In three months, she has gained almost 290 followers. Rick's followers number more than 2,300.

Russian Social Media

Social networks in Russia also continue to grow. At this time, Russian Facebook followers number 17,886, Twitter followers number 5,488, and the combined followers from the Russian networks *Vkontakte* and *Odnoklasniki* currently total 20,723.

RENNER Ministries utilizes many media avenues to proclaim the Gospel of Christ and the good news that there is salvation in His name. Their combined U.S. and Russian social-media outlets alone host followers of nearly 200,000 who are hungry to hear the Renners' rich and uplifting insights from God's Word.

Good News Training Center

In January 2003, Rick and Denise began the Good News Training Center in Moscow to teach believers to fulfill their callings with excellence. The Renners' vision continues to grow, and graduates of the training center are receiving their God-given assignments to minister all over the world. To date, graduates have been "sent" to Belarus, Ukraine, Armenia, Kazakhstan, Uzbekistan, Georgia, eastern Asia — and, of course, Russia. Some who have completed the center's rigorous program serve in key leadership positions in the Moscow church. Others have moved on to pastor churches that are a part of the Good News Association, the Renners' association of churches located in various parts of the former USSR.

At the Good News Training Center, students receive sound Bible teaching, opportunities for hands-on application, and the equipping necessary to:

- plant churches.
- effectively fill positions in existing churches and ministries.
- break spiritual ground in new territories.
- disciple other believers so that they, too, can answer God's call with excellence.

Over the past 12 years, 699 men and women have received degrees or certificates of completion from the Good News Training Center.

Television Ministry

The Renners have been broadcasting TV programs via their own Christian television network since 1992. When Rick took that initial step of obedience more than 20 years ago and began broadcasting *Good News With Rick Renner*, the response was enormous.

Soon others wanted to broadcast their ministry programs to this vast audience of spiritually hungry souls in the former USSR. Today in their Moscow studio, Rick and his team produce programming in many languages for several U.S. ministries.

Through the years, the Renners' commitment to produce top-quality programming throughout the former USSR and beyond has grown along with their audience of viewers. The total number of nations covered with these programs (via terrestrial stations) is seven — Russia, Ukraine, Estonia, Mongolia, Kyrgyzstan, Latvia, and Moldova — wherein the broadcasts reach nearly 39 million people. In addition, these ministry programs are broadcast on seven satellites that reach 115 nations,

radically broadening the reach of this television ministry to millions more.

Now, 23 years later, the television outreach of RENNER Ministries continues to thrive with a full staff of trained professionals whose common goal is to herald the good news that Jesus loves them and gave His life to win them. With just three RENNER TV programs — *Good News With Rick Renner*, *Heart to Heart* (Denise Renner), and *Change Your World* — RENNER Ministries aired more than 2,450 TV broadcasts last year alone.

Through the production, buying of TV time, and partner-care services provided in this part of the world — not only for the Renners, but also for other well-loved ministers — this ministry is playing a huge role in covering the earth with sound teaching from God's Word.

Golden Age / Vitamin Club

Golden Age holds two services each Monday at the Moscow Good News Church, accommodating approximately 5,000 senior citizens every month. Many of the seniors impacted by this outreach give their hearts to Christ just before they leave this world — in the sunset years of their lives — causing Golden Age to be accurately termed a “last-chance” ministry.

Rick and Denise began this ministry to seniors ten years ago through an idea inspired by Holy Spirit to attract pensioners — many of whom were from the communist era and had been forgotten in their “golden age” when Communism collapsed. With the help of their partners, the Renners rented a giant hall and invited famous musicians, vocalists, and TV personalities from the past to perform in a gala concert exclusively for this older generation. Flyers and invitations were distributed, massive preparations were made — and Rick and Denise and their team eagerly waited to see what fruit this huge step of obedience would bring.

More than 16,000 senior citizens in Moscow responded to that first invitation — and 10,000 more attended the ministry’s second big event! After each of those first two impressive concerts, every attendee received a bag containing grocery and toiletry items, literature, and vitamins — all deeply meaningful commodities to those who receive meager pensions and are unable to purchase many basic necessities for themselves.

Those two important events began a regular series of mini-concerts, and the beloved outreach Vitamin Club was born. At each mini-concert today, those who come are also invited to attend special Golden Age services at the Moscow Good News Church, where they can learn more about topics of interest to their age group — and, of course, how to secure their eternal well-being and enjoy new life in Christ on the earth!

Many of the elderly population are not accustomed to the gifts and attention they receive at Vitamin Club/ Golden Age, and they accept this ministry very warily at first. But by showing God’s love in tangible ways that the elderly understand and need the most, the Golden Age team builds trust over a period of time — and, invariably, those walls of suspicion come down. Over the years, *thousands* of Moscow’s seniors have given their

lives to Christ through this outreach — many literally at the last moment, at the very “sunset” of their lives.

The following are testimonies from Golden Age members and regular attendees. RENNEN Ministries would like to thank you for your prayers and financial giving to continue this *strong, stable, steady* outreach for the Lord. He truly cares about society’s oldest members and has provided Rick and Denise and this ministry with a highly effective tool for winning them to Christ and discipling them as His followers.

I have visited the Golden Age services for six years already. I always see the respect, care, and attention toward us here. We are met with sincerity, kindness, and courtesy. Sometimes I think that my life is over, but when I come here and meet with these people, I am in a good temper. I’m starting to believe that my life is not over; there is still some things to reflect about in life, and I want to know more about God.

Maxim gives us such a strong charge of zest in our lives that I want to listen to him again and again. This is a place where I can come, and there are people who care about me and appreciate me. I have a family here. I was healed here. And, most importantly, I have come close to God here and gained confidence in my salvation.

Irina Braksmeyer
77 years old

Since I started attending Golden Age, everything in my life has changed. New life was breathed into me. I was depressed because my son was diagnosed with cancer of the intestine. We began praying for his healing, and the Lord answered our prayers. Now my son is healthy, and we attend services together.

Zinaida Tolochko
78 years old

I came to Golden Age by accident and stayed forever. I changed a lot here. I became more patient toward all people and realized that each person is an individual, a creation of God, and that God loves all of us. I enjoy studying the Bible and singing. All this affects me very positively. I enjoy the hospitality here, the tactful and respectful attitude toward each person, and the great concerts and gifts. Thanks to all the organizers for all you do for us.

Valentina Pavlenkova

House of Mercy

In addition to feeding thousands of children and adults on the streets each year, House of Mercy also manages a family-style orphanage in which orphaned or abandoned children are brought into family settings to be loved and cared for. House of Mercy puts them through school, establishes them in church, and teaches them about a relationship with Christ in their everyday lives. Since the inception of this outreach in 2002, hundreds of young people have come through House of Mercy's doors and have been educated, re-socialized, and filled with God's Spirit so they could enter society as productive adults, free from the wounds of the past.

Committed to society's forgotten who have no place to go and no natural hope for their future, House of Mercy team members and volunteers provide food and clothing, conduct evangelistic crusades, hold Bible studies, and host "home-group" meetings at state shelters. Their mission is to share the truth that God loves each one of us and has a plan for every person's life. The best part is that much of this ministry is conducted by the very youth who were rescued by Christ through House of Mercy!

House of Mercy provides approximately 3,000 meals per month to the homeless and down-and-out in Moscow. Operating under the legal umbrella of RENNER Ministries, this outreach also conducts regular visits to youth prisons, boarding schools, and mental institutions to reach hurting and abandoned children and youth. With an ever-broadening vision to help more of the thousands of children living in deprivation right in their own community, House of Mercy has a dream to build a facility and expand their borders to rescue even more of the wounded and forsaken in this immense city.

Ministries We Support

The Renners strongly believe in supporting others who, like their own ministry, are diligently obeying their divine assignments and bearing fruit for Jesus around the world.

Currently, RENNER Ministries supports missionaries in Vietnam; a ministry that reaches youth in the U.S. and around the world; a traveling music and teaching ministry; and pastors and missionaries in areas of the world that are so extremely hostile to Christianity that those nations can't even be named lest those ministers become endangered.

Your prayers and financial giving to RENNER Ministries are having a more far-reaching impact than you can imagine. Only Heaven will be able to reveal the untold number of lives that were transformed for eternity by the Gospel through not only this ministry, but also the other ministries we help support. You have a part in every one of those changed lives — *thank you!*

Other 'Good News Outreaches'

Together with their staff and approximately 900 volunteers from the Moscow church, the Renners are making a difference in the lives of people from all walks of life in the multicultural city of Moscow. The various programs of the church include a focus on children, youth, home groups, singles, married couples, business professionals, women, men, the elderly, and internationals from countries all over the world.

In cooperation with the Moscow Good News Church, RENNER Ministries also conducts many *Good News Outreaches* in the city of Moscow and beyond. Included are ongoing ministry outreaches to orphanages, children's camps, hospitals and rehabilitation centers, mental institutions, and prisons.

In recent years, Good News Outreaches has expanded its ministries of compassion to those who are the most vulnerable and needy. For example, in addition to outreaches to orphanages — where teams ministered and distributed Bibles, diapers, clothing, toys, and coats, hats, and mittens — Good News Outreaches also began ministering to orphaned or abandoned young people who are older in age.

State-run orphanages in Russia legally terminate the residency of a young person once he or she reaches 18 years of age. At that time, these young people must find their own way in society as adults. But all too often, they become desperate and misguided, falling into the hands of predators who use them in the sex trade.

Good News Outreaches seeks to help teenagers avoid this life of pain and destruction — and to fulfill their God-given destinies — by teaching them how to have the best new start possible outside the walls of the institutions where they were raised.

In their visits to teen-aged orphans last year, the ministry conducted:

- classes in which these young women learned biblical values, job skills, and time- and money-management to help them live godly, productive lives outside the orphanage when they are released at age 18. At these classes, each girl was presented with a personal-hygiene gift set and other small items useful for beginning their new lives in society.
- “Part 2” of the classes for teen-aged girls. In these classes, the young women learned about etiquette, sexual purity, maintaining their spiritual, emotional, and physical health, and conflict resolution. During these visits, the girls were presented with scarves, gloves, personal-hygiene supplies, and light makeup.

- a program for young men in which they learned job skills, time- and money-management, and how to have respect for themselves and others. The young men were also presented with items useful for their lives as independent adults.

This past year, ministry teams also ministered the love of God through their regular weekly outreaches to the institutionalized, to young people at youth and children’s camps, and to many others through the Good News Outreaches conducted by RENNER Ministries and the Moscow Good News Church.

In the fall of 2015, Good News Outreaches began a brand-new program to assist children with special needs, along with their caregivers — in particular, mothers who have become nearly “house-bound” as they provide constant care for these precious young lives.

Partner Care

After people experience the ministry of Rick and Denise on TV, via the Internet, in public ministry, or through the Renners’ books or other teaching materials, they often contact RENNER Ministries both in Russia and the U.S. for prayer. As always, the partner-care teams in Moscow and Tulsa let people know they are there for them and are eager to pray. In fact, RENNER Ministries is honored to be their prayer partners and to stand with them concerning the circumstances of their lives.

True to His Word, God hears and answers faith-filled prayer! Testimonies of answered prayer poured in last year, as we received news of supernatural healings of terminal diseases, deliverances from addictions, restoration

of marriages, early prison releases, and financial needs being supplied. Some of these reports came back to us within just a few hours of our bringing the requests to the Lord!

In the last year, this ministry department in the U.S. and abroad reached out to hundreds of thousands of people through phone calls, emails, cards and letters, the prayer wall, and social-media responses. In the U.S., RENNER Ministries can be reached by phone at 800-742-5593, by email at prayer@renner.org, or by mail at P.O. Box 702040, Tulsa, OK 74170-2040.

The Renners' 25-Year History in the Former Soviet Union

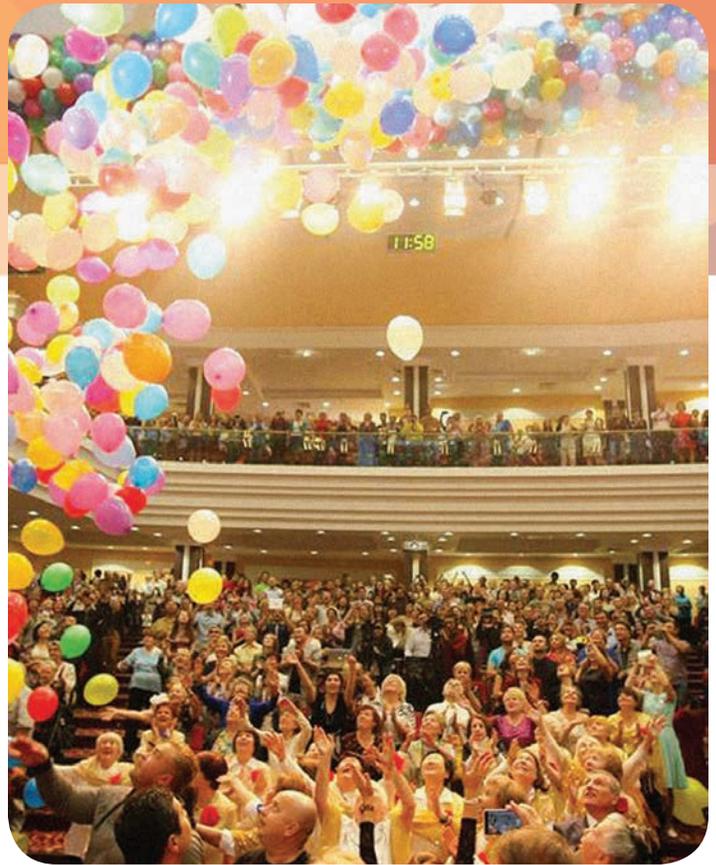

When Rick first began to be stirred about moving his family to the USSR just as Communism in that region of the world was collapsing, he thought he and Denise would stay one year and pioneer a work for Jesus before returning home to the U.S.

But by the time the Renners had taken that huge step of faith and obedience in January 1991, they had packed up all their belongings and bid family and friends farewell for an undetermined span of time. It was a bittersweet morning at the Tulsa International Airport with so many of those people gathered around them for last-moment hugs and good-byes. Rick and Denise and their three boys were filled with excitement about the adventure that lay ahead — yet they were saddened to leave behind the people who were so precious to their lives.

Rick and Denise and their family never once looked back. In fact, when their plane landed in the former Soviet Union, the whole family — led by Rick — clasped hands in unison and prayed a prayer of committal and consecration to the Lord and His plan for their lives.

It wasn't the first prayer Rick had ever prayed of that kind, and it certainly wouldn't be the last. Then as an outward show of the stand they had made before God — *strong, stable, and steady* — Rick bowed to the ground and kissed the tarmac to indicate that the land where the Lord had brought them would be the new, permanent home of the Rick Renner family.

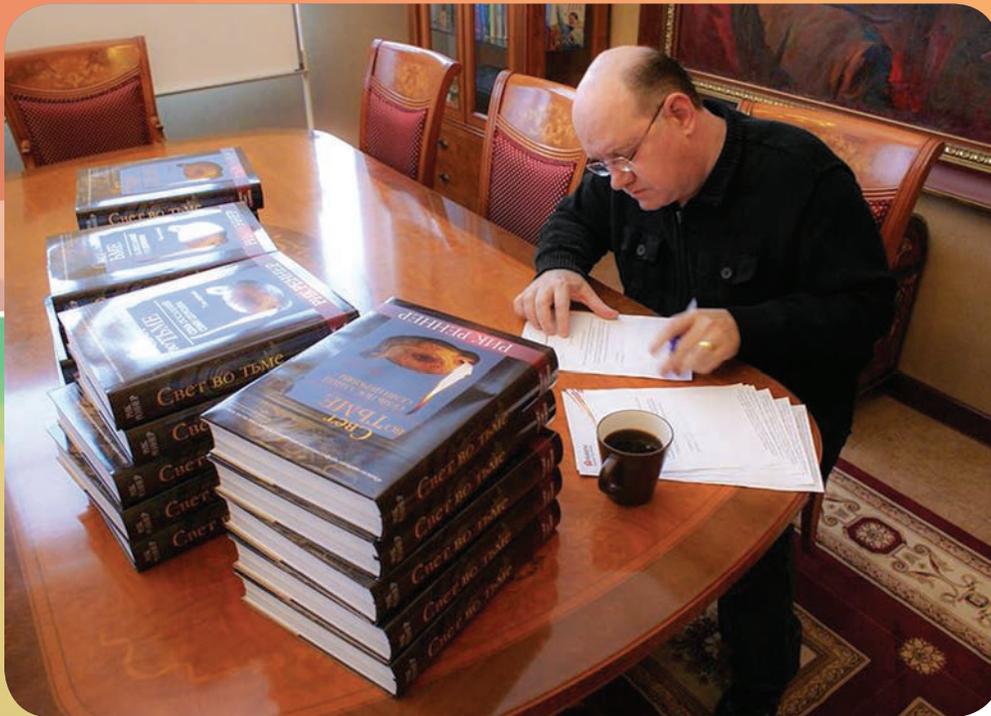

Where has the time gone? Rick and Denise — and their grown sons and their wives — will be the first to acknowledge that this work is without question the

“As partners together in this work, we will all share the reward of the fruit that is born in this part of the world for God’s Kingdom. THANK YOU, friends and partners of RENNER Ministries — *we truly do love you and thank God for you!*” — Rick Renner

Lord’s doing. Although it was their task to undergo the difficulty of forging ahead when countless challenges made it appealing to turn back, the beauty of what has come forth from their steadfastness is truly marvelous in their eyes. Only God could have strengthened, sustained, and provided for them through every aspect of this momentous assignment that they continue to carry out to this day.

The Renners are also deeply aware that without the sacrificial gifts from their base of faithful partners and friends, RENNER Ministries could not have continued *strong, stable, and steady* for all these years of growth, change, and setbacks in the political and economic arenas. Rick and Denise are thankful to God for every gift — big and small — understanding its value to the one who gave it and to the assignment it was sent to help fulfill.

Books by Rick

“Write, write, write. I will prosper what you write.” Those were the words the Lord spoke to Rick Renner as a teenager, and those words have born enormous, abiding fruit over the decades that have ensued. The writing ministry of Rick Renner continues stronger than ever to this

day — with several of his book titles becoming bestsellers and *remaining* beloved classics through the years by readers of all ages.

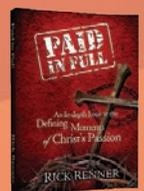

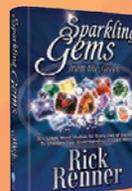

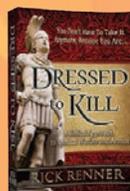

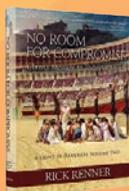

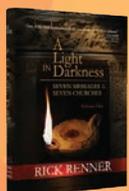

Upcoming Releases

Sparkling Gems From the Greek, Volume 2

Signs You’ll See Just Before Jesus Comes

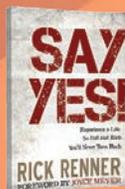

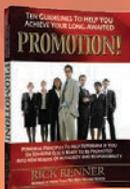

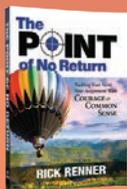

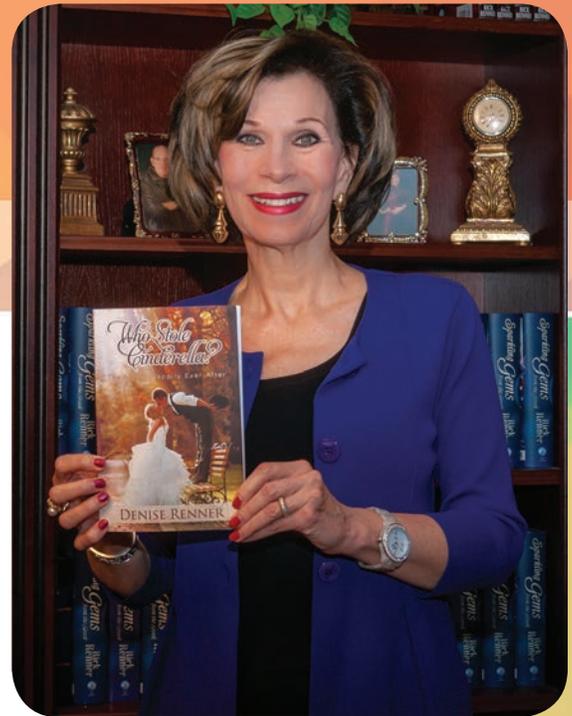

Rick Renner Readers (RRR)

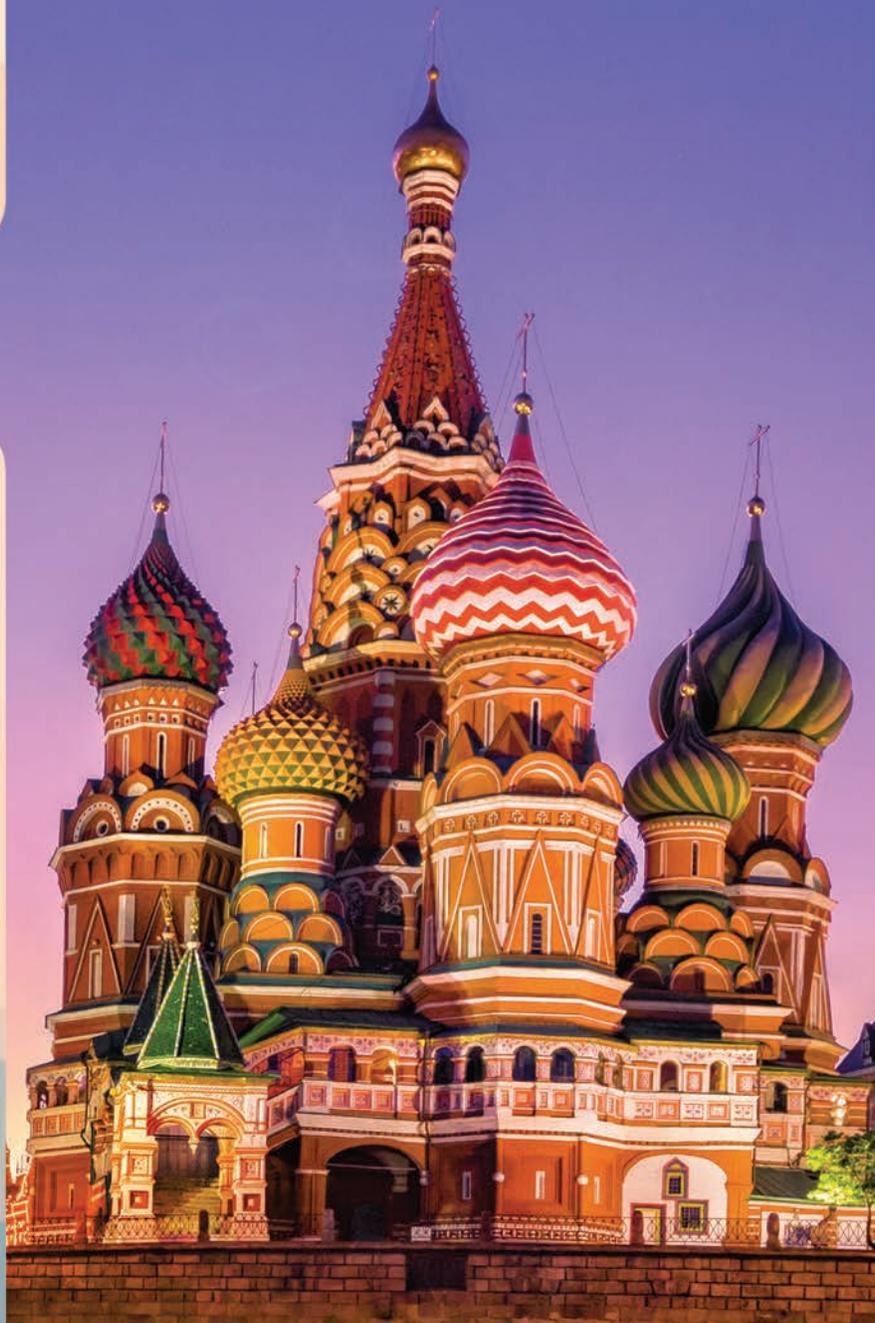

In recent years, Rick looked for a way to more deeply connect with those who love his written materials — his “deeper family of readers.” Rick Renner Readers was started to satisfy that desire. RRR is a group of dedicated students of God’s Word who have signed up to receive free of charge writings by Rick Renner that have not previously been published anywhere. Whether it’s freshly written insight or something he has been working on for a book manuscript, these spiritually rich nuggets from Rick’s study of the Greek are emailed periodically to those who ask for them at renner.org.

Books by Denise

This past year, Denise published her first trade-size book on the subject of marriage, and it is already becoming popular with women and men of all ages — married and single! *Who Stole Cinderella — The Art of 'Happily Ever After'* was inspired by a collection of seminar materials Denise has taught in the Moscow church. Each chapter contains details of her own life experiences — both her successes and her mistakes. She shares with readers the insights she gleaned from the Word and through a deep work of the Holy Spirit that healed her emotionally and strengthened her union with Rick.
